Hi Patrick

Re: 2008 Top 10% Donor - Congratulations Patrick

I write you today because, hot off the presses, we are officially announcing our top donors from 2008. It was a banner year for the Shelter Foundation and because of you we raised a record-breaking \$1.4 million to help women and children across Canada!

I am thrilled to share with you that you were in the top 10% of Shelter Foundation contributors in 2008. This group is made up of just 74 special individuals who contributed the most commission donations to support our work to end family violence.

I have attached your special Top 10% donor logo that you can use on your marketing materials. This year we also launched some new sign riders for the different donor levels and you can find them on RLPNetwork for the Top 10% level.

Our top donors will be recognized in the next issue of Leading Edge Online and listed on the RLPNetwork by next week. Later in the spring, the royallepage.ca site will be redesigned and I intend to prominently recognize our top donors on that consumer facing site too.

Congratulations on this distinction and thank you so very much for your ongoing generous support and commitment to the Shelter Foundation. We couldn't be more appreciative of the leadership you've shown for your charitable giving and we thank you on behalf of the 30,000 women and children helped last year.

Thanks again and all the best,
Sandra J
